Camino Oral

Synopsis

Camino oral offers third and fourth year Spanish students a clear, concise introduction to the sounds of Spanish, how they are produced, and the dialectical variations that occur around the Spanish-speaking world. Written entirely in Spanish, Camino oral is appropriate for both native and non-native speakers. The text introduces new material in the context of information students already know and offers abundant practice. A student audiotape (or audio CD), packaged with each book provides examples and additional practice. --This text refers to an alternate Paperback edition.

This book is a thorough coverage of all main aspects of Spanish Phonetics & Linguistics. It has sections on accent rules, stress rules, pronunciation, dividing syllables, phonetic transcription writing, different accents around the Spanish speaking world, etc. I used this book for my college Spanish Phonetics & Linguistics course and kept the book as there was still some material we did not have time to cover that left me feeling interested to learn more. The accompanying CD that the professor can use is also very engaging and a great addition to help aid in teaching with this book. :)

Great textbook!

thank you

for the money it was fine i needed it this book for a class at school next semester thank you

The description says book + audio but I only received the CDs.

Product description said book + cd and I only received the book.

I was very pleased with how quickly I got the book. I received a shipping notification almost immediately and received the book on the first day of classes. My one complaint is that nearly every single activity in the book has already been filled out. I don't mind the occasional note or highlighted passages, but I wouldn't have bought the book if I'd known all of the activities were already done.

While I was Happy with how quickly the book arrived, yet there is false advertisement in regards to the CD ROM that was NOT INCLUDED! Don't pay the extra bucks! If you are a CSUF student taking this class with Fidalgo she does not even require you to have the CD. So no worries.
