Sawmill Springs

Synopsis

Homicide detective Mandi Murphy had seen enough bloodshed on the streets of Houston to last a lifetime. After a botched drug bust left a friend dead, she wanted out of the city. Peaceful little Sawmill Springs seemed like the perfect spot to start over. Six weeks on patrol proved the town to be as quiet and serene as she'd imagined. When things soured between FBI agent Kayla Dixon and her lover, she was ready for a change from the fast-paced life she was living. Her father, the police chief in Sawmill Springs, offered her a job, and she decided a change of pace was just what she needed. Her wish for slow and peaceful didn't materialize, however, as mere hours after she started her first shift, a prominent citizen was gunned down. The two women are thrust together to solve the murder and return Sawmill Springs to the sleepy small town the residents expect. As the investigation grows, so does their attraction. There's just one problem - Murphy thinks Kayla is straight. Kayla admits to a failed marriage when she was 18, and an ambiguous affair with another FBI agent convinces Murphy to steer clear of her. Kayla's innocent flirting is met with skepticism and doubt...and temptation. Another murder not only strengthens their bond as partners but has them fighting to escape the clutches of a murderer. No longer able to ignore the budding attraction between them, they must decide if they are willing to start over...this time, together.

I have yet to read a Gerri Hill novel I didn't like. This one was one of her best. As usual, a real page turner. When some of the top movers and shakers in a small town start showing up dead, you'll

never guess who's behind it or why. Great story.

A true Gerri Hill original, a great plot, awesome characters, a twist in the end, some humour and some hot scenes! This makes for me a great read!

Another great cop story from one of my favorite authors! This one was just as entertaining as the rest. Gerri Hill does not disappoint!

The story line was good but it was short on romance which occurred late in the book.

Great story of small town politics and families. Loved the character development throughout the story of not only the two main characters but also the surrounding characters. Slow and steady rise to the love story but was worth the wait. I would love to see a sequel and patiently await it. Gerri Hill has come to be one of my go to writers.

Bring it on Gerri Hill. great story, action, and romance. Would love to read a sequel. Let's see what else could happen to a small town.

Good story. Interesting characters. Easy read. Love Gerri Hill.

Gerri is one of my favorite authors. Some of the scenes were a bit of a stretch but overall a good read.
