Perfekt Control (The Ætre Saga Book 2)

Synopsis

Rule the realms. Brynn Aksel is a valkyrie—a battle goddess tasked with protecting both the God of War and the future of Asgard. She fends off giants and dark elves with an iron fist, a glossy smile, and no less than perfect control. She's focused one-hundred-percent on rising through the valkyrie ranks, and not at all on her lifelong crush on Henrik Andersson—the one guy in all the realms who could be her undoing. Henrik serves as War's other bodyguard, and he's too focused on protecting their shared charge to realize that Brynn's a girl. When an unprecedented surge of darkness abducts the Goddess of Love, Brynn's already-steely focus is singularly directed on her new assignment—accompany Henrik to recover the realms' source of light before the cosmos descends into chaos. While battling demons, dragons, and the not-quite-dead, it becomes clear that immortality does not equal invincibility. And when Hel herself puts a hit on Brynn, the valkyrie has to decide if staying in control is worth losing everything . . . or if it's time to rule the realms.

Customer Reviews

Although this is Bryn and Henrik story, everyone else is still involved. Although you can probably get away with reading this as a stand alone, you would be totally missing out. Bende takes such care in the development of each character that I feel you would lose some of the group dynamic just jumping into book 2. I am so glad that Perfekt Control gave us Bryn and Henrik story. They are such a cute couple, and finally get their HEA! I thought Bende did a great job separating the characters in order to give us B and H story while continuing to develop Tyr and Mia's journey and setting up "Justice" and Elsa. I definitely recommend this series and I'm dying to know what happens. I especially can't wait to see Tyr and Mia marry and how much more kick ass she becomes.

I was given this ARC in exchange for an honest review. Brynn, a Valkyrie, has always had a crush on Henrik, bodyguard of the God of War, but it is against the rules for Valkyrie-Ases to be in an intimate relationship until they reach the rank of captain. If they can remain pure they reach that rank they are rewarded with their perfekt match, soul mate. Can she wait that long to be with Henrik when it could take hundreds more years? Their friendship will be tested on their journey to find someone important to all of the realms. Will their sacrifice be worth it? I absolutely loved this book! If you have not read anything by this author take the leap now you will not regret it. My recommendation would be to start with the Elsker Saga to meet all of the cast and characters.

The Norse gods come to life in S T Bende's A Ere saga and what's not to like? There's action, adventure, star crossed love, and more of all of that. Perfekt Control is Brynn and Henrik's story that we have all been waiting for and it doesn't fail to deliver. I thoroughly enjoyed this second installment to the A Ere Saga, for me the only thing missing was more of Tyr and Mia. I get it this was their story but one can dream. I for one can't wait for the next installment to the series.

Perfekt Control is the story of Brynn (badass Valkyrie) and Henrik (Super hot, nerdy, assassin God). I usually don't like sequels where the main characters change (because I'm never ready to let them go) but THIS. WAS. AMAZING!! I loved seeing the build up with them in Perfekt Order and to finally get to see the inner workings of them both was awesome. Brynne and Henrik are the Perfekt team in the lab and out and have known each other their whole lives--makes sense that they would

be perfekt together--if Brynne was actually allowed to date him. I swooned, I smiled, I laughed, I cringed. I felt like everything that was happening to Brynne was happening to me--so you know ST Bende can write her butt off! I loved watching Brynnrik's story unfold and can't wait to see if Forse finally gets out his own way in the next book.

This story about Brynne is absolutely captivating and intriguing with the turn of every page. At the end of the book I was thrilled to see this favorite author has two new releases coming soon. Now I'm on to book 3 - happy happy happy.

I absolutely loved this book! Henrik and Brynn are amazing characters who go through so much and have to deny feelings they both share. Brynn is a valkyrie who is in love with her best friend. She is unable to admit her feelings until she is promoted to captain and Freya will give her her true love. Freya is kidnapped and Brynn and Henrik are sent on a journey to find out what's happened to the goddess of love. After everything they go through Brynn and Henrik deserve a happily ever after and I'm so grateful to have read their story!

The best word to describe ST Bende's *Ætne Saga* book 2 is: PERFEKT! I thoroughly enjoyed book 1, *Perfekt Order*, but honestly, for me, *Perfekt Control* is realms beyond its predecessor. I read it in 2 days and promptly added it to my Favorites Shelf. In book 2, we again get to see Mia and her hunky Norse God of War, Tyr, but this time from the POV of his perky Valkyrie bodyguard, Brynn. However, being privy to Brynn's thoughts shows that behind her bubbly exterior she locks her true feelings in a black box--her fear, grief, guilt, and secret love for bodyguard partner hottie Henrik Andersson. She prides herself on this Control. Let alone the Valkyrie rules against dating, Brynn pulls back to preserve the perfekt friendship and teamwork she has with Henrik. I loved watching the two interact, seamless fighting, brilliant tech-design as a joint mind adorably referred to as *ÆBrynnrik*, and personality complements with rash, bubbly Brynn versus calm, grounded Henrik. From the first chapter, I was hoping against all the odds that the two would get a HEA. In a perfekt analogy, after Freya--goddess of love and Valkyrie leader--is kidnapped, Brynn and Henrik have to follow her trail across dangerous realms, determine the masterminds behind her capture, and ultimately fight for her return before the realms all start experiencing the negative effects of being *loveless*. I laughed, cried (some good tears too, don't worry!), swooned, fumed, shook my kindle, sighed, and totally grinned like a loony at the science-nerdy and Norse-myth-geeky references ST peppered

throughout the heart-gripping romance and exciting action. This is my favorite ST Bende book yet, and any fan of YA, NA, romance, Norse mythology and fantastical action will love this book! I was also grateful for the little taste of Elsa's beautiful soul-opening healing she'll narrate book 3 and I can't wait to see if ST can trump herself yet again.***I received an ARC in exchange for an honest review*** and then bought it anyway because I LOVED it!
