# FTCE Elementary Education K-6 Book: Study Guide & Practice Test Questions

## Synopsis

FTCE Elementary Education K-6 Book: Study Guide & Practice Test Questions Developed for test takers trying to achieve a passing score on the FTCE Elementary Education Kâ “6 test, this comprehensive study guide includes: â ¢Quick Overview â ¢Test-Taking Strategies â ¢Introduction â ¢Language Arts and Reading â ¢Social Science â ¢Science â ¢Mathematics â ¢Practice Questions â ¢Detailed Answer Explanations Each section of the test has a comprehensive review that goes into detail to cover all of the content likely to appear on the FTCE Elementary Education Kâ “6 test. The practice test questions are each followed by detailed answer explanations. If you miss a question, it’s important that you are able to understand the nature of your mistake and how to avoid making it again in the future. The answer explanations will help you to learn from your mistakes and overcome them. Understanding the latest test-taking strategies is essential to preparing you for what you will expect on the exam. A test taker has to not only understand the material that is being covered on the test, but also must be familiar with the strategies that are necessary to properly utilize the time provided and get through the test without making any avoidable errors. Anyone planning to take the FTCE Elementary Education Kâ “6 test should take advantage of the review material, practice test questions, and test-taking strategies contained in this study guide.

## Customer Reviews

This test prep book begins with some amazing and helpful test taking strategies. These alone

helped me with my confidence and helps with any and all tests that I take. Another awesome benefit of this prep book is that it does not just give you the answers to the practice test but gives you the reason behind the answer, which is helpful with understanding the concept behind the question. That is extremely beneficial because it helps when answering the confusing and tricky questions. I would recommend this prep book to anyone and everyone even to those who are taking any form of a test because this book alone can make you a better test taker.

This study guide is very helpful for taking the K-6 test. The book and online practice tests were especially helpful. I passed all 4 tests the first time by using this and another library online study guide. Read through each chapter and highlight/take notes!

This is an awesome study guide for the FTCE. It's a quarter of the size of other study guides that I have purchased but it covers just as much in more detail. It would be great to carry around to school or work or anywhere you want to study. It breaks down test taking strategies as well as the format and scoring of the test. Each answer of the practice tests has a paragraph explanation to go with it and if you email them your feedback of the study guide they throw in a free dvd to go with it. This thing really sets you up for success!

Very good book to help prepare

If you love getting right to the nitty gritty this book is the one for you. Very detailed and organized.

I loved this book , it has covered almost all the topics. I'm going to recommend this book to my friends. If you're looking for the elementary education k-6 study material , this is it.

Quick delivery! Book has great examples and illustrations. Great guide in study. Excellent study tool.

Very helpful!
