Customer Reviews

PreS-K-Brown's exemplary tale of an inquisitive bunny exploring his world is just right for sharing. The young animal awakens to quiet morning sounds such as fluttering, chirping, "Cock Cock Cock-a-doodle Doo," and "bzzzzzzzz," and then identifies them, asking readers, "What was that?" Then the focus shifts from recognizing noises to making them, such as munching, scratching, and sneezing. As the sun goes down, "the little noises of the night" alert the protagonist that it is time "for little bunnies to be safe in their hole." McCue's brightly colored, detailed illustrations depicting a warm spring day from sunup to sundown are eye-catching and engaging; one can smell the lilacs, feel the sunshine, and thrill to the fireflies' glow at dusk. The affectionate paintings reveal the idyllic life of a carefree rabbit delighting in the woods and fields near his home, populated by numerous animals and insects. This joyful adventure will work well as a lap-sit or storytime selection.-Maryann H. Owen, Racine Public Library, WI Copyright 2000 Cahnerns Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

never fails to offer a great selection of board books at a great price-point. This book has adorable illustrations and will make a great addition to any collection.

Not as enjoyable for a read aloud as "Goodnight Moon." A little disappointed with this story but the illustrations are beautiful!

This was one of my favorite books to read to my children, now mid to late teens, when they were little. So many wonderful memories. I gave it to a friend when she had her baby and her toddler will not go to sleep without reading this first, and she makes all the little noises herself (same with my little ones years ago!). I just bought it for another baby shower and will continue to do so :)

Our 6-month-old grandson enjoyed the pictures. He would pat the pages and stare at the lush illustrations. The story seemed a bit long for a baby, but as he gets older, we're sure he'll love it because it has words like "Moo" "Cock-a-Doodle-Do" and "Buzz." This was a great addition to his Easter basket.

A classic!

Nice book.

Love the bunny book series. Great book. Good condition.

Another purchased from wish list. Thanks.
