The Cockatiel Handbook (Barron's Pet Handbooks)

Synopsis

These attractive members of the parrot family come in a variety of colors. This handbook offers detailed information on purchasing the right bird, building a bond, caging, nutrition, health care and much more. Titles in Barron's popular series of Pet Handbooks present comprehensive information and helpful advice from breeders, veterinarians, and other pet experts. These photo-illustrated books instruct on housing, feeding, health care, and where applicable, grooming and training. Barron's Pet Handbooks resemble Barron's alternate series, the Complete Pet Owner's Manuals, but the Handbooks have a larger page count and contain more detailed information, advice, and instruction. Color photos throughout.

My son read this book when we got him his Cockatiel. He was so excited about learning all the facts in this book that I did not have to read it myself. He was coming in every few minutes to tell me all the things he was learning. It is very well written and full of useful information. This is a must have for a new Cockatiel owner.

Perfect reading for a new cockatiel owner

I have 2 Cockatiels that were given to me and was clueless to some things. This book had the answers for everything and anything I needed to know. Would prefer anyone with a cockatiel to read this book!!

My son got a cockatiel for Xmas and he wanted this book to help learn about the care of a cockatiel. It is a very informative book and is easy for a 10 year to read and understand.

Very informative.

Great book, a little outdated. Has a lot of great information for beginners and advanced bird parents!

It helped me a lot thank you the female cockatiel is harder to handle from venessa findlay

gift for my daughter she likes it very much
