Hartman Publishing began offering in-service education programs to long-term care facilities and home health agencies in 1994. Students and teachers using our materials benefit from a company focused solely on educating and inspiring caregivers.

Bought this for my wife as a gift for getting her CNA came as described in great condition. She had been using a loaner paperback version previously and I wanted to make sure she had her own

Great for a CNA class, just don't order ground shipping takes a little while to come!

Great for education classes

My program did not require this book after all. The quizzes and other information we focus on is

often not discussed in this book. However, the book showed up in a timely manner, free of any damage. The book has easy tear sheets and text is easy to read. Subjects are divided into seperste chapters and sections.

This is the book I needed for my CNA class. It is a great price, a few dollars cheaper than I would've payed at my school's book store.

Its a workbook......hard to earse on but follows the book well.

Excellent shape and just what I needed! Thank you!

Needed it for a class.
