Customer Reviews

Last week I bought a book 99 nail art styles but it wasn't as detailed as this recent book I just bought. The book '100 Amazing Nail Art Styles' has an extra nail style and also has more photos. This book is recommended for those who want to try different nail styles weekly

I don't know what I was expecting, but it's a picture book of different nail designs. Maybe I was hoping for a guide to do those nail designs.

wow! Today, I got this wonderful eBook on perfect nail art. They explain 99 art style on nail art. All are so pretty and cool. I loved it so much. Thanks a lot for such a cool book as free of cost. I love it!

I find this book very useful. It contains great ideas of nail art. The pictures and the content are wonderful and I think you can find here the latest models. Great job made by the author.

My granddaughter loves looking at nail designs so hopefully she'll enjoy these

The designs are well composed and I got plenty different ideas to do my nails now!

Wow, this book gave my girlfriend so many ideas about new ways of painting her nails! The content quality is also very high, and that's not something I expected from a free eBook. Definitely worth reading.

I wish this was a how to nail book. This book is surely not what I expected. A lot of the designs look like something someone did at home that's messy. I was expecting something a lot better. It's not worth the price. I can download a free nail app with better designs that look styled from a professional. I gave it a one star because some art is nice. Then again it's the same art I have been seeing for years on a lot of apps for free
