Informative.

no problems

I deeply regret using this book while in Chile and Easter Island. The information was completely false and misleading. For instance, in Santiago, the book gives the Museum de Artes Visuales a star, (shows a film made about the Titanic that your kids would have made in middle school, complete with a cardboard ax and plastic water, plus virtually void of exhibits and patrons), and then gives no star to the Museo Chileno de Arte Precolombino, no star,,,,what? The Pre-Colombian museum is one of the finest I have ever seen in South or Latin America, small but all the pieces are gems, the presentation first class. The Mercado central, no star given, tell you to eat across the street because it is cheaper? Too bad all the locals paid the difference and ate inside the market like any smart person would, the stuff across the street was all limited and fried. Also, the Museo Colonial de San Francisco with the 54 tableaux of St. Francis, unique in the World, let alone the Americas, no star. My "lodge" on Easter Island, a disaster, absolutely no interaction with the "local"

owner, as was implied in the review.. No shampoo, no hot water???? no internet in the rooms.It goes on and on. I will absolutely never buy any guide from this company again., Usually I buy the Michelin guides, but could not get one for Chile from the US. Any other guide would be better. Also for Argentina, though I did not buy their guide, there was a copy in the apartment and it called the Cabrela restaurant in Palermo Soho "touristy", and gimmicky. The Michelin called it what it is, one of the 50 best restaurants in the World!
