Customer Reviews

Quality paper stock, binding seems to be holding. Skin oils seem to be wearing away whatever was

used to give large portions of the cover an otherwise nice matte finish. Some information is missing, ex.: one of the locations for Goomy? I think? Don't quite recall, I just know I had to turn to Serebii for more information than I was comfortable with. Still, it's a good quality book, and one I don't regret getting.

Beautiful book. High quality and what I would expect from a hardback collector's edition. The included poster and artwork were a nice addition. Very happy. As others have said, this only lists the Sun/Moon Alola Pok  mon, but there are of course repeats from previous generations.

Perfect!! Arrived in great condition!! Thank you!! :)

Awesome!!

Great book my daughter loved it and it really helped her with her game and learning about Pok  mon she didn't know about. Great buy

some what disappointing that only Alolan Pokemon are included. A simple National dex would have really enhanced the book.

My son loves it. Great book.

This was for my 8 year old grandson who absolutely loves it.
