Customer Reviews

I thoroughly enjoyed reading this book. It was definitely a page turner. Every time I said I was going to finish reading it later, I found myself still sitting there enthralled in the story. It is such an easy read and it just pulls you in. What I love about this book is the authenticity and transparency from the author- I found myself holding my breath, hurting for her, crying for her, and ultimately, rejoicing with her in her victory. This is a story of perseverance and overcoming! There also were so many gentle teachable moments in this book. I loved it!!!

Other than a few minor editing misses on a word or two here and there, this was a great look at one person's lessons learned and passed on.
