Burned By Magic: A New Adult Fantasy Novel (The Baine Chronicles Book 1)

Synopsis

"Magic and I have a complicated relationship. I can't live without it, but it's bound and determined to be the death of me." In the city of Solantha, mages rule absolute, with shifters considered second-class citizens and humans something in between. No one outside the mage families are allowed to have magic, and anyone born with it must agree to have it stripped from them to avoid execution. Sunaya Baine, a shifter-mage hybrid, has managed to keep her unruly magic under wraps for the last twenty-four years. But while chasing down a shifter-hunting serial killer, she loses control of her magic in front of witnesses, drawing the attention of the dangerous and enigmatic Chief Mage. Locked up in the Chief Mage's castle and reduced to little more than a lab rat, Sunaya resists his attempts to analyze and control her at every turn. But she soon realizes that to regain her freedom and catch the killer, she must overcome her hatred of mages and win the most powerful mage in the city to her side. Different but love the story line. Shifters, humans, magic and others all together. If you enjoy these this is a must read.....

I really enjoyed this book. Aspecially the main characters snarky attitude!

Honestly this series looks to have great promise. I look forward to the next book in the series.

Waiting for book 3. Loved the first two of this new series and read both in one day. Sign of a good read? Definitely.

I loved this one and can't wait to see what happens next.

Very promising first book in a series! Enough snark and repartee to be entertaining without verging into too much. Good character development and interesting premise. I'll definitely buy the next in the series.

I really enjoyed this twist on the normal run of the mill paranormal. This was very refreshing and I look forward to the rest of the series.

I enjoyed the characters and the plot. The characters are "snarky" but they are realistic and intelligent. What sums up my opinion the most is that I pre-ordered the third book in the series.
