Craig Gerber is the creator, writer, and producer of the award-winning "Sofia the First" television series. He lives in the enchanted land of Los Angeles, California with his wife and children. Catherine Hapka has written more than two hundred books for children and young adults. In addition to writing, she enjoys horseback riding, animals of all kinds, reading, gardening, music, and travel. She lives on a small farm in Chester County, PA. She is the author of the New York Times bestselling picture book, Sofia the First. Grace Lee was born in Taiwan and grew up in Los Angeles. As a child, she loved to draw princesses with puffy sleeves, which helped to prepare her to study illustration at Art Center College of Design. After graduating, Grace Lee worked as a concept artist in animation. She is currently a storybook artist at Disney Publishing Worldwide.

A cute story -- better developed than some of the earlier books. I thought Ivy was an excellent villain, and I enjoy seeing Cedric as a partner rather than an annoyance or nemesis. I also liked that Rapunzel actually DID something instead of just giving vague advice (though she does that, as well) (But what exactly is the timeframe in her world for her appearance in this story? She's never left the castle before meeting Flynn, and she has short hair at the end of her story when it would be more feasible that the teleportation happens to Sofia's world). Any Disney fan will see the STRONG Frozen resemblance, which only makes me wonder how they plan to incorporate Anna/Elsa down the road...As usual, illustrations are beautiful and the font is fun.

Our 2.5 year old LOVES this book. I love that it came with a digital copy too. Though I still read the story three times a day it saved me from reading it 20 (literally). Thanks to the iPad i was saved from having to non stop read it.

We love this book! My daughters were so excited for the show, which just aired, and have wanted to read this at bedtime for the last few weeks. Really nice story and they enjoy seeing it online as well.

I love these books! Great story, if you love Sofia the first you wil love this book!

With the movie being a huge hit for my granddaughters, I took a chance that they'd like the book too. It was a Christmas gift, so I can only assume that they are enjoying reading it with their mom when they aren't watching the movie. I don't know if she downloaded the free e-book.

The book was excellent and the illustrations were large and vivid. The wording was larger than usual for easy reading.

We own all of the Sofia the First books. This one in particular is a bedtime favorite with Rapunzel as the surprise princess. Always a fan of the illustrations in these books too.

My three year old daughter loves this series. It was fun to read the book before the TV version came on
