Customer Reviews

Here's what the critics say about Frommer's: "Amazingly easy to use. Very portable, very complete." "Booklist "The only mainstream guide to list specific prices. The Walter Cronkite of guidebooks" with all that implies." "Travel & Leisure "Complete, concise, and filled with useful information." "New York Daily News "Hotel information is close to encyclopedic." "Des Moines Sunday Register "Detailed, accurate, and easy-to-read information for all price ranges." "Glamour Magazine

Frommer's Puts the Parks in Your Pocket. All the up-to-date practical information and candid insider advice you need to have the perfect park vacation...in an easy-to-carry size and at an unbeatable price! Your Complete Guide to Banff & Jasper National Parks: The best strategies for

seeing these amazing parks, whether you have a full week or just a few hours Great places to stay both inside the parks and nearby, from luxurious hotels to scenic, secluded campgrounds The best day-long or overnight hikes, plus mountain biking, golf, horseback riding, and skiing Detailed, accurate maps, plus a fully illustrated nature guide to help you spot bighorn sheep, mountain goats, wildflowers, and more

This book is a great reference tool. I would recommend purchasing and reviewing this books as part of your planning process. These two parks are wonderful and breath-taking and worth your time, money, and effort to visit.

The Frommer's guide to Banff and Jasper had the expected information but somehow seemed less useful than Lonely Planet guides I have bought for other trips. I didn't like one of the places they recommended staying (Banff Caribou Lodge - nice on the outside but a tiny old guest room). It has hiking information but it just didn't seem very useful or in depth. I ended up relying on other tour guides picked up along the way to help pick out hikes.

It is outdated. It is hard to follow. I took a chance on an older version and won't do that again. I have lost a little faith in Frommers,

I have used the Canada guide in the past when visiting Banff, but this book provides more in depth coverage of the parks (Banff and Jasper). If your primary visit is to these places, I would recommend this book as an excellent guide!

This was almost the only book I followed during my vacation to Banff and Jasper. This books is packed with tips, travel plans and a ton of information for your Canadian Rockies tour. Its a great book!

This book hits the basics but could be organized in a more intuitive, user-friendly fashion. I used this book to supplement Moon Handbooks Alberta for a recent trip to the province.

Although the book does not contain exactly what I was looking for (detail highway maps)I found the information very helpful for a planned trip.
