Evidence Of Love: A True Story Of Passion And Death In The Suburbs

Synopsis

Edgar Award Finalist: The “sensational” true story of two desperate housewives and the killing that shocked a Texas community (Los Angeles Times Book Review). Candy Montgomery and Betty Gore had a lot in common: They sang together in the Methodist church choir, their daughters were best friends, and their husbands had good jobs working for technology companies in the north Dallas suburbs known as Silicon Prairie. But beneath the placid surface of their seemingly perfect lives, both women simmered with unspoken frustrations and unanswered desires. On a hot summer day in 1980, the secret passions and jealousies that linked Candy and Betty exploded into murderous rage. What happened next is usually the stuff of fiction. But the bizarre and terrible act of violence that occurred in Betty’s utility room that morning was all too real. Based on exclusive interviews with the Gore and Montgomery families, Evidence of Love is the “superbly written” account of a gruesome tragedy and the trial that made national headlines when the defendant entered the most unexpected of pleas: not guilty by reason of self-defense (Fort Worth Star-Telegram). Adapted into the Emmy and Golden Globe Award-winning television movie A Killing in a Small Town, this chilling tale of sin and savagery will “fascinate true crime aficionados” (Kirkus Reviews).

Customer Reviews

Well researched true account of a fight between two woman. Candy was sleeping with Betty's husband, and although the affair had ended some months before, when confronted by the scorned wife, a fight broke out. I'm not going to reveal who died or what happened at trial. Well worth finding out for yourself.

I felt as if I knew the people involved because of the style of writing, rich in detail without judgement. I recommend this book to true crime fans who want to understand the psyche of folks rather being voyeurs of gore.

I had never heard this story and I read a lot of true crime. This was well written and very detailed. The whole sorry tale is tragic and sad and angering all at the same time.

This book drew me in immediately. It is, indeed, a page turner. My issue? It was hard to feel sorry for so many of the main characters. I kept reading and reading looking for someone whose behavior elicited an ounce of sympathy and I could only come up with the children of everyone involved. This is not the fault of the author, in fact, they did an outstanding job. My reason for just 4 stars was the disappointment I felt at the end. Couldn't the authors find one good quality about someone involved?????

This book is phenomenal- it embodies all the best of a great true crime read, with the added bonus of a unique sequencing that lends itself to more suspense than a typical true crime novel... I've read probably hundreds of true crime accounts, and if this isn't my favorite, it's top 3

One of the best true crime books I've ever read. Really makes the reader think...have read it a few times. Wish there were pictures of the people though...would have liked to see what they looked like.

Intriguing story, and very well-written. Enjoyed it tremendously.

I could not put this book down...very well written and the suspense of finding the truth was engrossing! You will love this book...
