Custody For Fathers

Synopsis

This Book is is your roadmap through the complex maze of the Family Law courts that are Mom biased. Outlines over 100 strategies and tactics that have won custody for other Fathers. How to deal with a difficult Judge, master skills of testifying, linguistic techniques, handling setbacks, countering Mom's dirty tricks, court procedures, conduct in mediation, and much more. Chapters are: 1. Winning, 2. Family Law System, 3. Learn The Courthouse, 4. Basic Strategies & Tactics, 5. Mediation In A Nutshell, 6. Conduct In Mediation, 7. Action In The Courtroom, 8. Court Hearings Explained, 9. Handling Yourself In Court, 10. The Judge, 11. Testimony, 12. Master Skills Of Testifying, 13. Mom's Dirty tricks, 14. Family Disintegration, 15. Legalese, 16. Reforms needed, 17. Finding The Right Attorney. This book is about Children's Rights. The right of children to live with the parent who will devote time, expend the energy and make the sacrifices necessary to mold the life of a child. Children deserve the right to be raised in the home of the better parent, no matter the gender. Children and our nation will be much better served when the custodial parent is selected according to parenting skill level and not gender. Fathers in custody litigation must be prepared for a Mother biased court. This Book is written by a Family Law Attorney that has spent thirty (30) years in divorce courtrooms. "This book is the bargain of the century considering that most attorneys charge \$6 to \$8 per minute to tell their clients a fraction of the information in this book." Joseph A. McMillen, Attorney - Kansas City, Kansas.

Some good info and definitely worth reading. I think a lot of people think they are going to find a silver bullet or some people portray themselves to have a silver bullet for fathers. The truth is the system is set up under the UCC and every state gives women primary physical custody at birth unless the man has signed his life away already on a marriage license. The laws basically gives men no rights to their children or their pay. Information like the information found in this book helps one navigate through the labyrinth against you but it is no silver bullet because one does not exist.

This book has a lot of good information in it however i think had the author included case scenarios from actual cases in the book it would have been better. It is easier to understand something if you have a template of some sorts to gauge things by. Also if he had provided statistical data showing how many fathers succeed in obtaining custody of their children that would have been beneficial as well. Overall though a very informative read.

Good book for both sides to read. At least you have fair warning what the attorneys may be counseling their clients to do and the assumptions to be argued in court. The end of the book (suggestions to fix the system) is by far the best part of the book!

I went through the custody battle a few years ago. This book made it understandable, and helped me know what I needed to do, and suggestions to make to my atty. I found it invaluable. Sign me - Happy single dad with primary custody.
