Sheldon L. Gerstenfeld, V.M.D., has practiced veterinary medicine for twenty years and heads the Chestnut Hill Veterinary Hospital/Bird Clinic in Philadelphia. He is also the author of The Dog Care Book and The Cat Care Book, serves as a contributing editor of Parents magazine, and hosts a radio talk show on pets.

There aren't a lot of accessible books about avian first aid. This is one of the good ones. It is not the most current but the format is such that it is easy to diagnose problems and decide if you should take your bird to the vet. The format is in the form of a decision tree. Easy to use. There are two version typically available, get the most recent.

Purchased as a gift for someone who loves it - looks like an excellent resource book for a bird lover.
