God Where Is My Boaz

Synopsis

No more wondering why God has yet to send you the man you desire. *God Where is My Boaz* is a woman's guide to understanding what is hindering her from receiving the love and relationship she deserves. It is a straight forward and easy to listen to audiobook that will help women with spiritual growth, overcoming obstacles, and truly embracing love. This isn't tips and tricks on how to get a man. This audiobook will assist you in taking a deeper look within and help you prepare and position yourself for the love you deserve.

Customer Reviews

I like the book. It has a good message overall. However, what I wish books like these would emphasize on the great opportunities that come with being single and how to cope with the possibility of being single for a lifetime. I may sound like a pessimistic, but I'm tired of focusing wholeheartedly for something that may not be God will for my life. I just want to genuinely enjoy my life without worrying about my future marital status. I hope to have a family on my own. However, this pass year I asked myself how I would I cope with life if I found myself still single ten years down the road despite all my best efforts. I've been single for long time and know others in my same position. It hurt to realize that there a possibility I will never get married. I don't believe in running away from things. So I am looking for books that not prepare you for new husband but also allow you to accept the present. I would like to hear from people who wanted to get married but found themselves single for most of their adult life. I want to hear how they coped with the disappointment

of not getting married.

I really love this book. It was short (only about 100 pages) and the content was really good. I actually couldn't put this book down! At first you learn the true story of Ruth and Boaz. The beginning of each chapter has a short bible verse that relates to the topic of the chapter. Stephan discusses why things happen/don't happen and why (and how) you should pray and ask God for assistance. Then Stephan goes through different scenarios of why you don't have your Boaz. For example, in the one chapter Stephan says one problem might be that you have religion but you don't have a relationship with God. I would recommend this book to any single woman. Even if you aren't looking for your forever sweetheart, this book helps to get your mind focused. *That is my personal recommendation only. I added 2 images of the book so you can see a little preview of the inside content.

I appreciated his genuine caring. You could really feel it in his words. He is strong, clear, consistent, and loving in his recommendations. He is certainly a blessing, offering hope and excellent thoughts for bringing divinity to our romantic unions. Highly recommended. Thank you, Stephan. Lots. Blessings to you.

This was an awesome read! Mr. Stephen kept it very real! He wasn't not bias in the story; he told the story from both point of views which was very interesting! You want be able to put it down!

Best book you can stumble upon..a blessing really

The author brings up good points to consider when you are looking for a mate. I used this book for teaching a young adult Sunday school class as we had just finished studying the book of Ruth. It was helpful and insightful!

Amazing book. Good for a man or woman. The information can be utilized by all. Love it.

excellent book for single ladies. You will most def. know your worth and it will teach you how to be patient while being linked to scriptures from the bible. It is not heavy with scripture passages but real talk by a real man. Read especially if you are recently single and taking a break from relationships to heal yourself. Better yet, read if you are going through a breakup and need advice on how not to

rush into another relationship but to be patient.
